*Miss Major*

The Stonewall riots were a series of spontaneous demonstrations by the LGBT community after a police raid that took place in a gay bar on June 28, 1969 called the Stonewall Inn. **Miss Major** was in the Stonewall Inn when the bar was raided and was one of the many trans women who took a stand that morning. In 2003, Major began working at the Transgender Gender Variant Intersex Justice Project which aims to assist transgender persons who are disproportionately incarcerated under the prison-industrial complex.
